Grenada

Citizenship by Investment

The only Caribbean CBI programme with a US E-2 Treaty Investor Visa – established in 2013 and known as the "Spice Island" pathway to global mobility.

PROGRAMME NOTES

Grenada Citizenship by Investment

Launched in August 2013 under the Citizenship by Investment Act No. 15, Grenada's programme is administered by the Investment Migration Agency (IMA), rebranded from the CBI Unit in 2024. It offers a well-regulated path to second citizenship.

Grenada is the only Caribbean nation with a US E-2 Treaty Investor Visa agreement (since 1989), making it uniquely attractive for investors seeking US market access. E-2 eligibility applies regardless of investment route chosen.

All applicants aged 17+ must complete a mandatory due diligence interview (available online). Background checks are conducted by independent international firms. Passports are valid for 10 years (adults) and 5 years (minors).

2025/26 Reforms

New CBI legislation expected in 2026. Eastern Caribbean CBI Regulatory Authority being established. Residency requirement under regional review.
